funded Full Stack
Program!**

About Us

Procareer Academy uses government & employer funding to train and place workers in entry level jobs. We are especially proud of creating career opportunities for women and minorities who are severely under-represented. In 2021 alone, we trained and placed over 300 students into long term careers.

▲ How our students learn

- 📖 100% online learning.
- 👤 Live instructor-led online class.
Learn by doing.
Hands-on coding exercises.

▲ Prerequisites

- 🎓 Min. BS degree in any major.
- 🔗 Prior coding skills not required.
- 📝 Need to pass analytical skills test.

▲ Program Features

- 🕒 440 hrs in length.
16 weeks to complete.
- 🕒 Convenient schedules.
- 👤 Ready to hit the ground running.
- 📅 Trained to code from day one.
